Estimate prepared by: _____Date: _____

The foregoing is an estimate. It is not a commitment to do the work for the amounts above. It is based on our best judgement as to the amount of time and materials which will be used in performing the work. We believe that the final bill should not vary substantially from the estimate. However, the final bill will be based on the actual time and materials used in the course of the job. Thus, in its final form, the work may be billed to you in an amount somewhat higher/lower than the estimate.
